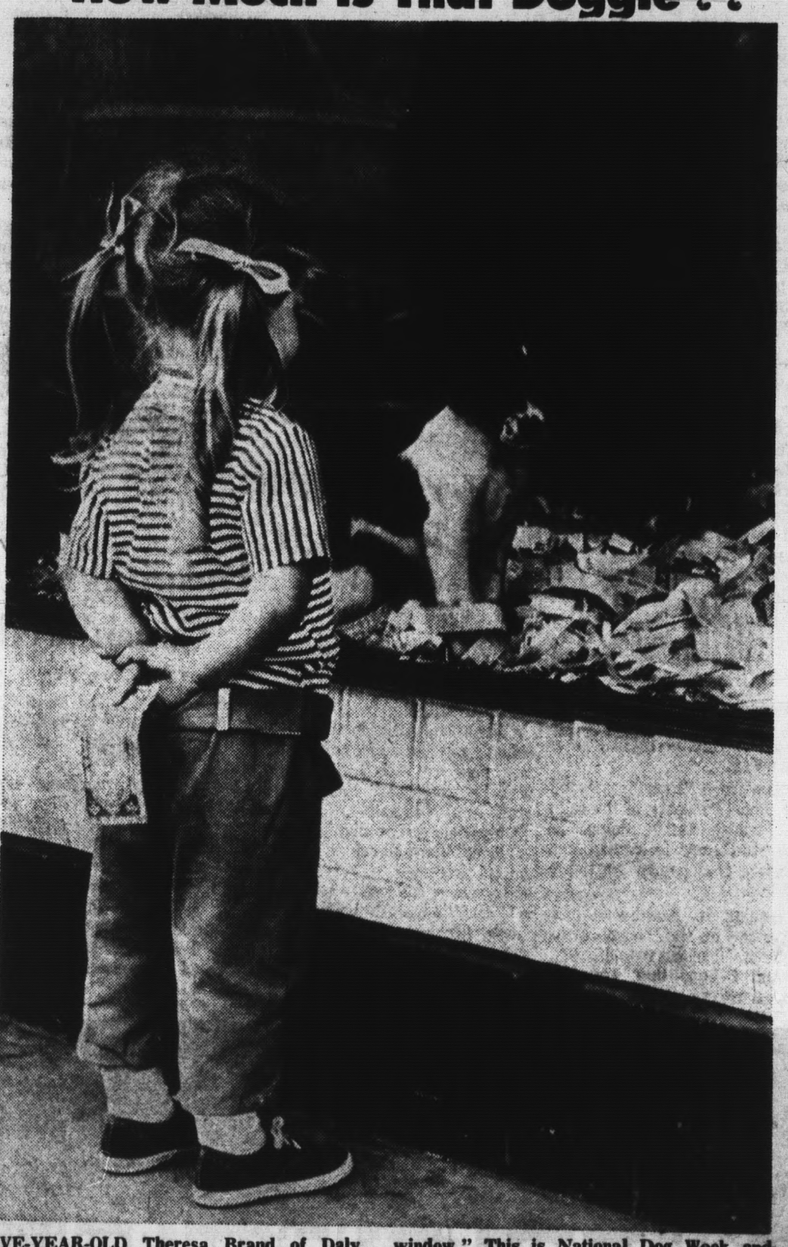
'How Much Is That Doggie . . .'



FIVE-YEAR-OLD Theresa Brand of Daly City gazes pensively at a pooch in a pet show window while she holds a dollar bill in her hands. Like the song goes, she's wondering "how much is that doggie in the window." This is National Dog Week and Theresa is only one of a legion of dog lovers who are thinking the same thoughts this week. Grass Fire Sears 1200 Acres in North County

AIR DROPS USED

Flames Peril Homes, School

By GEORGE GOLDING

San Bruno mountain was a blackened peak today, thrusting boldly upward from a ring of ashes around its flanks.

The flames causing those 1,200 acres of ashes Monday and Tuesday night threatened portions of Daly City, Brisbane, and South San Francisco.

Urged onward by abnormally high winds and abnormally low humidity, the flames had battled experienced firemen from six fire departments and had threatened to wipe out the Bay Area's nest of television and FM-radio broadcast stations atop the mountain.

With area temperatures already in the 80's, the winds had created a "critical" fire danger.

The flames had evacuated portions of the Crocker Industrial Park, and had toasted the dynamite shed at the Pacific Coast Aggregates' quarry behind Brisbane, before roaring on over the mountain top.

Only the broad Hillside Boulevard saved South San Francisco as the grass-fattened blaze ate its way over the mountain and down the slope Monday night.

Ribbons and garlands of flames decorated the canyons, sending skyward firebrands which leapfrogged the flames ahead of any fireline.

The march of firebrands was finally halted along Hillside, a four lane skirmish line penetrated but once when sparks flared across the boulevard and started a beachhead near Chestnut Avenue.

Division of Forestry spokesman Larry Lathrop said a combination of weapons was used to bring the fire under control.

Aerial drops slowed the fire down so bulldozers and men could get in, he said.

Patrolling South San Francisco firemen radioed for a panzer attack of waiting fire engines, which snuffed out the upstart blaze quickly.

Meanwhile, another crew was battling flames which circled Hillside school, an outpost on the mountain-side of the boulevard.

Like a wary animal, the flames circled the schoolgrounds. Fenced away by a

Asst. Police Chief in D.C. To Be Named

By RON BATES

A series of promotions from the top down will take place within the next month in the Daly City Police department.

A number of qualifying tests have been scheduled.

Heading the list is the appointment of an assistant chief of police. The position was vacated four years ago when Roy C. McClaren resigned to take up a police job in Richmond.

Since his resignation, Capt. Roy Beecher has been carrying out the duties of an assistant police chief.

Beecher is scheduled to take an oral promotional examination soon for this job.

City Manager Edward Frank had requested the City Council to waive the written examination requirement and conduct only an oral examination because Beecher was the only applicant for the position.

A motion waiving the written exam made by James Grealish at the Daly City Personnel Board meeting earlier this month had died for lack of a second. Board member Robert Young said later he was in favor of the motion but no formal vote was taken.

Mayor Micheal DeBernardi explained that when two members of a board are absent, all matters approved must carry a unanimous decision. This, he said, is why the council waived the written requirement.

A total of 17 officers will vie for three vacant sergeant positions.

Sgt. Charles Terry became Lt. Terry as the result of a new position authorized by the city council last month.

BUILDER'S ESTIMATE

Mary's Help Is 6 Months Ahead

The new Mary's Help Hospital in Daly City is expected to be completed six months ahead of schedule, the president of the company erecting the building disclosed last Wednesday.

F. Pierce Lathrop, head of the construction firm that bears his name, said the original contract completion date was November of 1965 but that he expected the building to be finished by June.

Lathrop attributed the earlier date to what he called a "critical path" construction program—a carefully charted schedule of building procedures that, he said, brings each phase of construction into its proper place at the earliest possible time.

He made the remarks at a formal "topping off" ceremony on the roof of the 10-story building.

The ceremony signified the final pouring of structural concrete for the hospital.

Present for the ceremony was Sister Hermione of the Daughters of Charity who will operate the hospital. She is the hospital administrator.

The building will open with seven of its ten floors completely furnished and equipped.

The top three floors will be finished on the outside but interior work will be delayed until more funds are raised in the hospital's current building fund drive.

Lathrop estimated that if work had gone ahead at this time on finishing the interior of the final three floors, the savings in cost would have amounted to 25 per cent.

Total cost of the building when completely finished is expected to run about $8.5-million.

The building will replace the present Mary's Help Hospital on Guerrero Street in San Francisco and will serve Northern San Mateo County as well as the southern part of San Francisco.

Hospital in Pacifica Is Considered

By MARILYN BRANNAN

A group of interested citizens met Monday night to discuss the possibility of building an emergency hospital in Pacifica to honor the late Councilman Harold Feyge.

The meeting reportedly was held in the offices of Pacifica Attorney James Foley.

Mrs. Florence Graziani of 476 Donaldson Avenue, Pacifica, one of those who attended, declined to give any details of the meeting other than to say it was purely organizational and nothing had been decided as yet.

Mayor Fred Ballew said that a hospital was one of several projects Pacifica citizens have been considering as a memorial to Feyge.

Councilman Harland Minshew said an emergency hospital would fill a great need in the community. He said he thought the citizens' group was following an excellent idea.

"This committee is entirely independent of the council and

Voters Back S.S.F. School Bonds Issue

The South San Francisco Unified School District's $2,945,000 bond issue was carried by more than a 70 per cent vote last week. A two-thirds vote was needed for the measure to pass.

Money from the proceeds of the issue will be used to finance expansion of the district's facilities and to provide new schools.

Supt. Dr. Paul Nielsen said the number of votes cast totaled 4,496. There are 16,338 registered voters.

The breakdown was 3,156 in favor of the bonds and 1,340 against or a 70.1 per cent "yes" vote.

"It is very gratifying," said Dr. Nielsen, "to know that once in a while someone misses the water before the well runs dry. We can go right ahead, now, but we would have been in real trouble within a year without this money."

He explained that the money will not be in hand for at least 60 days, so he is not rushing out on a spending spree.

"The first thing will probably be Foxridge School, in the Westborough area. We have had

WATER REPAIR COSTS

JUHS Will Use Bond Proceeds

By LOUANNE HEATH

The Jefferson Union High School District Board of Trustees won its prolonged debate with the State Allocations board last week and as a result has been granted permission to use bond revenues to pay for remodeling the hot water system at Westmoor High School.

In rendering the precedent-setting decision, the state board has opened the door to other districts caught in similar financial dilemmas, according to an opinion expressed by Assistant District Superintendent Fred O. Goodell.

Goodell said the use of bond revenues was one of two solutions proposed. The other was a proposal that the remodeling be considered a building project, thus qualifying the district for state aid.

This proposal was rejected by the state, Goodell said. The district had proposed the two plans rather than pay for the water system work out of its general funds.

Paying for the cost of the work, which totaled about $180,000, out of the general fund would have depleted the fund to a critical point, district officials said.

According to legal procedures, all money realized from the sale of bonds by the district must be turned over to the state.

Under the terms of the state board's decision, the district will be permitted to hold out the $180,000.

Goodell, in discussing the ruling, stated that the district annually sells bonds up to its legal bonding capacity in order to be eligible for state aid on building projects.

Legal capacity is set at 5 per cent of the total assessed evaluation.

Oceana Wins, Tigers Lose In '64 Bow

Pacifica's two high schools came out on opposite ends of the ledger Friday afternoon in their opening football games of the season. Both contests were non-league practice games.

At Oceana, the Sharks scored a 13-6 victory over Lick-Wilmerding.

Chuck Wynia of Oceana intercepted a Lick-Wilmerding pass in the final quarter and ran 25 yards for an insurance touchdown.

Earlier, Jim McCaughey tallied Oceana's first touchdown on a 41-yard dash in the third quarter.

Meanwhile, the Terra Nova Tigers were blanked, 25-0, by Salesian High School on the winners' field. The victors tallied in the first, second and fourth quarters.

Terra Nova will be at home for Lick-Wilmerding Friday while Oceana hosts Drake.

Grid Start Postponed

Opening day of the Daly City Department of Recreation's 1964 touch football season has been postponed until Saturday, October 3.

The postponement will give organizations more time to form and train teams for entry in the league, according to department officials.

They noted that although a greater number of boys than ever before are interested in playing, the league faces a shortage of volunteer coaches.

Adults interested in coaching a team are urged to call the Recreation Department at PL 5-0850.

Fugitive Seized in Broadmoor

County authorities are holding a 32-year-old suspect charged with the holdup of a San Mateo motel and wanted in Los Angeles on a kidnapping and robbery charge and in Santa Monica on an auto theft charge.

The suspect, Stanley Sulley, no address, was arrested by Broadmoor Patrolman Charles Fleischer and Gerald Shaffer in a routine auto check on Hillside Boulevard in Broadmoor.

The check, according to Broadmoor Police Chief Ray Savage, disclosed that Sulley was wanted on a parole violation charge. He had been paroled in connection with an armed robbery charge.

Savage said the auto the suspect was driving had been reported stolen in Santa Monica.

Sulley subsequently was charged with holding up the Royal Lodge in San Mateo September 8 and escaping with $114 and miscellaneous furnishings from a unit in the motel.

Extra Pay Report Due

A report on the extra-pay-for-extra-work study being conducted by the Jefferson High School District will be presented to the district's board of trustees Monday night.

Earlier this year, coaches and later music teachers asked that a pay differential be paid them for time spent after regular school hours.

Fred O. Goodell, assistant superintendent, said a committee studying the extra pay proposal has met throughout the summer.

The district's board of trustees had set this month as a deadline for presentation of the report.

In requesting the extra pay, the coaches, through a spokesman, said failure to grant the pay would result in resignations from the coaching staffs.

S.S.F. Youth Dies After Cycle Crash

A 20-year-old South San Francisco youth received fatal head injuries when his borrowed motorcycle went off a 30-foot embankment in Pacifica early Saturday evening.

The victim, John Thomas Drye, of 3130 Dublin Drive, died at Peninsula Hospital several hours after the accident, which occurred along the Sharp Park Road.

The victim's brother, Robert, 16, who was riding another motorcycle, told Pacifica police his brother's motorcycle went over the cliff after the front tire of the vehicle hit the side of an embankment on the other side of the road. The motorcycle then skittered across the road and over the cliff.

When officers arrived on the scene they found the victim and his motorcycle lying on a dead tree at the bottom of the embankment. The victim was unconscious and was rushed to the hospital.

Young Drye, a senior engineering student at Healds College, San Francisco, was the son of Mr. and Mrs. John Drye.

Mrs. Drye is chairman of the 5th District Republican Committee.

She also is a librarian at the Westlake branch of the Daly City Library. The youth's father is former chairman of the personnel board at Daly City. Other survivors include his brother, Robert; two sisters, Cheryl and Patricia, and his grandparents, Mr. and Mrs. Homer Simmons and Mrs. Lena Drye.

Services will be held today at Lasswell Mortuary, Daly City at 1:15 p.m. Interment will be in Golden Gate National Cemetery.

Crash Kills D.C. Teacher On Coastside

A Daly City woman driving a borrowed car was killed last Wednesday afternoon when she lost control and crashed head-on into an oncoming auto on Skyline Boulevard near Pacifica.

Killed was Ruth Frances Thal, of 38 Oaklawn Drive, chairman of the department of physical education at Notre Dame High School in Belmont.

Miss Thal would have been 23 years old on the day of the mishap.

Seriously injured in the crash was Lyon E. Norvell, 28, of 554 Manor Drive, Pacifica. He was taken to Peninsula Hospital with a fractured jaw, right forearm and right knee. He is a private patrolman in Burlingame.

Witnesses told highway patrolmen that Miss Thal's sedan was northbound at 4:15 p.m. on Skyline a mile south of Hickey Boulevard, at between 40 and 50 miles an hour, when she drifted off the road onto the east shoulder.

When she tried to correct the car, witnesses said, it went out of control, shot across the road into the southbound lane and collided head-on with Norvell's southbound sedan. Miss Thal was dead on arrival at Peninsula Hospital at 4:50 p.m.

The coroner's office said Miss Thal was driving a car belonging to a friend of her roommate, Carolyn Ames.

Daly City police reported that Miss Ames became worried when Miss Thal had not arrived home by 12:30 a.m. and phoned authorities, who told her that Miss Thal had been killed. Daly City police, notified that Miss Ames had become hysterical, went to the apartment and found she had collapsed.

Miss Thal received her bachelor of Arts degree from San San Francisco State College last year and was enrolled in the graduate program.

LEGAL RULING GIVEN

S.S.F. Council Delays Move on Sign Hill Plan

By RON BATES

Action on the controversial planned community development on Sign Hill in South San Francisco was delayed for another 30 days by the City Council Monday night.

City Attorney John Noonan ruled that the matter technically was not before the council.

He told the council and a large crowd of residents that according to state law, a 3-2 vote of approval by the city's Planning Commission August 24 was insufficient.

He said four votes of the seven-man commission are needed to constitute approval.

Because of the technicality, he said, the council cannot legally set a public hearing on the matter.

He advised that the Planning Commission's action on the $7-million development of the Meyer and Young Building Corporation be classified as a report and filed with the city clerk.

Noonan said if his ruling is judged wrong, the developer could mandate the council to set a hearing on the matter.

He noted, however, that if the council went ahead and set a hearing, opponents of the 58-acre development could file a writ of prohibition to halt it.

The council's move in postponing action on Sign Hill for 30 days was greeted by applause and cheers from the audience. Ahern told the audience, however, that the city would have to face up to the fact that "someday that hill is going to be developed."

He suggested that during the 30 days the opponents of the development, called "Stonegate," meet with the developers and the city's staff to work out a possible compromise.

Arthur Andreas, a spokesman for the opponents, said his clients would have no objections to any such meeting.

Change In House Move Law Urged

By MARILYN BRANNAN

Pacifica city councilmn tonight again will discuss a new ordinance governing the moving of buildings within the city.

The city engineer's office prepared the ordinance early this summer when councilmen viewed with concern photographs showing homes that had been moved haphazardly from one site to another.

Councilmen will consider a memorandum from house mover Pete Pereira of 16 Ortega Court, who suggests revisions in the ordinance.

Pereira suggests that a clause requiring movers to secure a permit from the council should be omitted.

Pereira says securing a permit would often create administrative delays.

He proposes that the council be included in the securing of a permit only if the applicant and the building inspector cannot agree on conditions.

Pereira also objects to a part of the ordinance that prohibits moving a building from outside the city into Pacifica.

"I feel this is unfair and shows discrimination as to the movement of buildings," he explains.

City Manager Karl A. Baldwin will present a rebutal to Pereira's request.

He says that the council must retain authority to view photographs and plans before buildings are moved and before a permit is issued by the council.

He said that the council is greatly concerned by the poor appearance of recently moved buildings and everything possible must be done to prevent such haphazard moving.

The council also will hear a request for an authorization to spend capital improvement funds for additional development of Oddstad Park.

Charles Trifeletti, Eldred Lokker and Paul Rushing, a three-man committee studying land development along Pacifica's coast, are requesting the councilmen to authorize $4,200 to engage the firm of Frahm, Maykel and Edler to immediately begin a beach development study.

Lokker explains that this study must be made now so that the biggest part of the project will be completed before winter rains.

Councilmen also will consider a letter from James V. Fitzgerald, chairman of a sanitary sewage study steering committee appointed last November after a city-county symposium on sewage problems in San Mateo County.

Fitzgerald says the steering committee has almost completed its study of the collection, treatment and disposal of sewage wastes and invites city officials to attend a meeting tomorrow at the San Mateo City Hall at 8 p.m.

The council will consider an application to the Alcohol Beverage Control Board by William A. Pelster and Raymond G. Zagletal.

This is a transfer from 130 El Camino Real in San Bruno, to a portion of the Sea Village Shopping Center on the Coast Highway.

Asst. Chief To Be Named

Terry's promotion, the death of Sgt. David Gehringer and one newly created position account for the three openings.

Testing began yesterday for 34 candidates for 12 patrolmen openings on the Daly City force.

Three will be created by the promotion of three men to sergeant. Four new patrolmen were authorized by the council this year.

The other five represent the number of men the department has been short (under strength) for the past year.

Flames Sear Wide Area in N. County

(Continued From Page 1)

chain-link barrier of earlier burns, the prowling blaze eventually was contained and ate itself to death.

That branch of the fiery army was less than 12 hours old, but other arms of the flames continued to arch over the mountain until 5 a.m. yesterday.

Brisbane Fire Captain Richard Blanchard said his department got the first call at 11:20 a.m., when the fire was just smoking its way out of the grass and brush behind the Cow Palace.

Daly City was called into the battle two minutes later.

Brisbane's entire fire department, five engines and 28 men including volunteers, rushed into a fight which was being lost in inaccessible canyons and crevices.

Daly City sent five engines, San Francisco sent two, Colma sent a pair, South San Francisco sent a couple, and the State Division of Forestry rushed in "several" units including the four borate-bombing planes, to form an army commanded by Daly City Assistant Fire Chief Herbert Ritzman.

Cresting the first ridge with the help of a hot, dry wind, the flames chewed across the valley above Brisbane, eating up abandoned farm buildings on the Crocker estate and circling the PCA quarry while truck drivers and catskinners were sent home.

Before leaving, they soaked the dynamite shed and bulldozed a quick fire trail around it, to prevent an explosion. Their efforts were successful, Blanchard said, though the flames got close enough to dry out the building.

Baited by the bright new structures in the Crocker Industrial park, the flames steadily ate down the valley, being brought to a halt within 500 yards of the new Dohrmann Hotel Supply building, and causing its parking lot to be emptied of cars.

Sweating and blackened in the searing heat, the fire-fighters drove themselves against the flames. A four-man crew led by Daly City Battalion Chief Wayne Alexander punched through to the mountain-top television transmitter of KRON-TV in time to begin wetting down the building's roof as the heat drove the TV technicians inside.

Eight of the electronics men, under engineer Roger Woodruff, 145 Henrik Ibsen Street, Woodside, had stayed on their jobs as smoke billowed through the building, and some of them had protected the building by soaking it with a garden hose.

Few homes were actually in danger, firemen say, though Daly City residents in the Southern Hills sector and Hillside residents of South San Francisco were worried.

"People lined the streets," said Fire Captain Art McGuire, "and we had carloads of people driving up to see the blaze.

"Some of them were quite surprised when they came up Hillside and suddenly found themselves alongside a wall of flame."

In Daly City, too, residents lined the curbs, watching their biggest landmark scar itself with flame, and hoping the warm winds would not shift the big cloud of smoke and cinders into their subdivisions.

There were no serious injuries reported, although several firemen suffered from smoke inhalation, eye irritations, or minor injuries while fighting the blaze.

Northgate Raps Muni Extension

A verbal "donneybrook" over the extension of the San Francisco Municipal Railways bus lines (Muni) into Daly City appears to be developing as a report on the feasibility of the extension nears.

Joseph L. Estrada, general manager of the Northgate Transit Company, said in a letter last week that he wonders what the people of Daly City are going to do about transportation if the lines are extended.

He asked how the people will feel "when they have to pay more taxes and then not have better service."

He pointed out that two proposed Muni routes, as outlined by the Daly City Council's transportation committee, would service only about 10,000 people.

Several routes that are serviced now by Northgate are considered "dead mileage" by Muni and have no potential, Estrada said.

Estrada said the people of Daly City are getting "very good service now with very little help from Daly City."

He said he feels his company can improve it much more and have late runs or night service if necessary.

Councilmen Francis Pacelli and Albert Polonsky of the council's transportation committee both said they welcomed constructive criticism by Northgate officials.

"I think its healthy to have discussion on the transportation problem," Polonsky said.

"And I hope that when the council meets on the question, the citizens will make their feelings known—and that includes Northgate."

Pacelli said that the transportation committee has received no suggestions from Northgate at all on the transportation problem.

He added that it wasn't until Daly City officials began talks with San Francisco on the Muni line extensions that any improvements were made on Northgate buses.

"If they were providing the right kind of service," Pacelli said, "there wouldn't be a problem and we wouldn't be talking about Muni service. And we wouldn't be receiving the complaints that we have."

some federal money to help plan that.

"The next step, I think, is to sit down with some of the developers, and pin down three more school sites.

"The modernization of Spruce School will be done next summer, and we will have to plan for the multi-use rooms and other improvements."

Dr. Nielsen commented that only one of the district's 18 precincts produced a "no" vote, and two areas that normally vote "no" favored the bonds.

One precinct produced twice as many votes yesterday than it had during the last school election, he said.

Mendez to Hear Fate

A verdict in the William Mendez assault case is scheduled to be handed down at 9:30 tomorrow morning, ending four days of testimony.

Superior Judge J. A. Branson took the case under submission Monday after hearing final arguments of the attorneys, Deputy District Attorney Allison Rouse and defense counsel Thomas Paige.

Earlier in the day the judge had personally inspected the South San Francisco site where the 48-year-old defendant shot seven bullets into the body of his 3-year-old son, Paul.

It is alleged that he intended to kill the boy rather than see him returned to his mother, who was divorcing Mendez. Mendez denied, however, that he intended to kill the child and insisted that he "blanked out" and does not remember the shooting.

Hospital Is Considered

(Continued From Page 1)

I was not present at the meeting but I believe plans are in a very early stage," Minshew added.

There is no emergency hospital serving the Pacifica area at present. The closest facility is Kaiser Foundation Hospital in South San Francisco.

Mary's Help Hospital, now under construction in Daly City, will provide emergency service after it opens. The opening is expected sometime next summer.

Toxicology Testimony Questioned

A toxicologist's testimony that a 17-year-old Pacifica youth had been drinking before he was involved in a fatal traffic accident August 29 was closely questioned by the boy's attorey in a San Francisco juvenile court hearing last week.

The youth, Donald E. Gramlich of 205 Edgewood Avenue, has been charged with manslaughter and intoxicated driving in connection with an accident that took the lives of three persons at Great Highway and Sloat Boulevard in San Francisco.

The toxicologist, Kenneth D. Parker, had testified that Gramlich had an alcohol blood count of .16 at the time his auto struck a light bus carrying nine members of one family.

A count of .15 is, in most cases, considered sufficient to charge a driver with intoxicated driving.

The boy's attorney, J. Edward Fleishell, has objected to admission of the blood count as evidence. He has charged that his client had not been advised of his constitutional rights.

Killed in the accident were three children of Mr. and Mrs. Taichi Fujimoto of Morgan Hill.

The hearing was continued until 1:30 p.m. Tuesday.

HERE IS an architect's sketch of a new community center to be built by the Broadmoor Property Owners' Association at 87th and Washington Streets. Contract for Serramonte Sanitary Sewers Awarded

A contract for the construction of sanitary and storm sewer drains for the $220-million Serramonte planned community in Daly City has been awarded to Joseph R. Ramos of Hayward.

Ramos' low bid was $380,938. A spokesman for Suburban Realty Company, developers of Serramonte, said the contract is considered one of the largest in recent years for a residential project.

Construction and installation of the sanitation and storm facilities will be carried out under the direction of Daly City Engineer William Chapman and Robert V. Bernicchi, engineer and manager for the North San Mateo County Sanitation District.

Plans for the underground installations at Serramonte are being developed by E. V. Schulhauser and Associates, Inc.

S.S.F. Infant Found Dead

A South San Francisco infant was found dead in his bed Thursday, apparently the victim of an illness.

David James Waggener, four months old son of Mr. and Mrs. Robert James Waggener, 617 Fourth Lane, had reportedly been troubled by a cold the past week.

Firemen were called at 5:55 a.m. when the infant was found in his bed, apparently not breathing.

Rafferty Cites 4 Major Questions In C of C Speech

The key to survival of effective education in California lies with answers to four major questions, State Superintendent of Schools Max Rafferty told the Daly City-Colma Chamber of Commerce Thursday.

He asked if voters wanted statism or local control, professionalism or trade unionism, adequate financing or fiscal starvation and school administrators or political commissars.

Concerning the first question, Rafferty said there is a concerted drive by politicians in Sacramento to wrest control of the schools from the hands of local people in what he termed "a crude, naked power play."

He said the first attempt to take over education in California began in March and failed but the people behind the move have merely "shifted tactics."

"They want to abolish 90 per cent of all local school districts to save money," he said. "I ask you. When did increasing the size of government ever save money? When did bigness ever result in more efficiency?"

The second major question in education is professionalism versus trade unionism, he said, noting that educators have worked for years to put the profession of education in the same category as that of medicine or law.

"But there are some who are working to pare that image down. They feel that they can go on strike whenever they feel like it and leave the children in the classroom unsupervised and uninstructed."

Commenting on the question of adequate financing or fiscal starvation, Rafferty said that California is going to have to change its method of financing schools.

School districts are having to depend more and more on local real property taxes and bond issues and override taxes are becoming more frequent, he pointed out.

On the fourth question of school administrators or political commissars, Rafferty claimed that some of the state's "more important citizens" have proposed that school administrators be done away with and be replaced by businessmen.

"The school administrators have been described as dishonest, incompetent, and lacking in brains. Since I was included in the category by name, it's hard for me to be objective about the subject."

The politicians, he charged, want the superintendents to be political appointees and they want to do the appointing.

He said the status quo must be maintained with the school board saying what should be done and a trained administrator saying how it should be done.

Medical Self Help Classes Start Again

The second round of classes in the county-wide Medical Self-Help Program will begin in Daly City Tuesday at two locations.

They are the War Memorial Community Center and the Midway Recreation Hall. Registration will be at 7:15 p.m. and classes begin at 7:45.

The purpose of the national pilot study is to train one in every four persons in San Mateo County in essential health skills ranging from hygiene and sanitation through all forms of first aid to emergency childbirth.

Mrs. Helen Lengfeld is administrator of the program.

Volunteer instructors train residents to meet any emergency or major disaster such as an earthquake, flood, fire or nuclear attack.

If the doctor could not pay a house call, families would be able to assume medical and health responsibilities on their own.

Registration fee is $1 and covers eight lessons and the cost of a comprehensive booklet, "Family Guide—Emergency Health Care."

Persons wishing to obtain more information may write to Medical Self-Help Headquarters at 218 Tilton Avenue, San Mateo or call 342-7679 or 343-3663.

Buick

We changed the Buick a lot this year. And you may never be the same again yourself.

We doubt you'll want to be the same. Not once you set eyes on our new Buicks.
On the Buick Special and the Skylark. The LeSabre, Electra 225, Riviera.
And on the sleek, modified fastback of the wild, wilder, Wildcat in the picture.
True, there's a new high-style touch. But that's hardly all. Engineering
still has the emphasis. It's a Buick tradition. So are the extras
Buick spends a little extra on. Like finned brake drums that do a little better.
And smoother drivelines. A tuned suspension to smooth ribcage roads.
Now add Buick's Super Turbine transmissions—and you have an idea
of what Buick owners have always liked about Buick. We think you'll feel the same.

Wouldn't you really rather have a Buick

IT TOOK the assassinaion of a President to rouse the American public into action against mail order guns but at this moment there are probably more kooks, punks and children roaming the streets who are possessors of weapons as lethal as any high power rifle, than there are mail order gun-bearers.

The name of the game is Karate. A child can learn this potential killer-sport at rates of $1 a lesson. An ex-convict can learn it for fun and profit and there isn't a piece of legislation that can prevent it.

This isn't the same kind of Karate you see Efrem Zimbalist Jr. practice on "77 Sunset Strip," where old Ef takes a few Karate whacks and returns a few and walks casually away from the fray and the villain lives to get The Chair.

Tha's showmanship Karate. The real thing would run Actors' Equity out of employees by Christmas.

We're talking about the real art,, the one that trains the protagonist to pop eyes out of sockets, ram a forefinger through the rib cage, rip a man's vital organs out of his body — and you can image the rest.

DALY CITY RECREATION Supervisor Ed Tomasello has boxed (service and S.F. State College), wrestled (State, Olympic Club), is a judo expert; has had Karate training and knows the fundamentals of another Oriental mehod of "self-defense" called Gung-Fu, which, Ed claims, is a refined Karate. Conversely, you could call Karate a degenerate Gung-Fu.

Tomasello is qualified to state, therefore, that any method of combat that teaches a person to strike, rip, gouge and tear human flesh is NOT defensive no matter what Karate studios claim.

"These Oriental methods of self-defense," says Ed, "were developed by people who couldn't afford weapons or who morally—such as religious people—couldn't carry them. But they needed self-protection against bandits and so forth and so developed these skills.

"In other words, they were developed out of need, in lieu of weapons, and have degenerated into offensive combat.

What makes me sick when I think about it," continues Ed, who trains Daly City police in hand-to-hand combat (primarily, disarming a man)—"no law enforcement officer is taught to injure"—"is that anybody can walk off the street into a Karate studio and learn the stuff.

"With parental permission, they'll even teach it to kids. You'd be surprised how many children of grammar school age know Karate.

"You can imagine the ramifications of this alone. Young boys usually aren't emotionally equipped to handle this kind of responsibility.."

"Each movement in Karate and Gung-Fu, unlike boxing and wrestling, judo, or jui jitsu, is designed to permanently disable or kill.

"The studios do attempt to teach kids some discipline, explain the dangers—but most kids just don't understand the philosophy of pure self-defense. Kids are inherently aggressive.

"You might as well issue axes to these children and tell them: 'Here, son, any neighborhood kids get you mad, chop them up.' "It isn't hard to imagine what any immature or undisciplined mind, child or adult, could do with such a weapon."

★ ★ ★

IN OTHER WORDS, Johnny, age 10, gets into an argument with Billy, age 12, a Karate expert. Johnny shoves Billy because Billy won't let him use his bike. So Billy whacks Johnny across the throat, fracturing his voice box and rendering him speechless for the rest of his life—and all for Billy's "self confidence," which Charles Atlas used to accomplish with isometric exercises.

This is a far cry from our childhood method of self-defense, which was to develop sheer speed afoot.

Tomasello, incidentally, has a 10-year-old boy and will not train him even in wrestling.

"I want him to grow up normally. Let him get in kid scuffles and get a black eye or vice-versa. This is normal. Slamming someone with lethal weapons isn't."

This writer called one studio, which has special children's classes at $8 a month, two lessons a week, fibbing that we had a 12-year-old who had been pestering us to enroll him in a Karate class.

When we asked the instructor if there was any control over hot-heads who might not understand the discipline required in such a sport, he explained that they watched the boys carefully and screened out such undesirables.

A fine intent but do Karate instructors have the technical training required to make such judgments on possibly emotionally disturbed children? We doubt it.

★ ★ ★

WE CALLED another studio and asked the man if there were any restrictions on enrollment.

"What do you mean?" he asked.

"Well, to tell you the truth, I've just finished serving time in San Quentin for assault with a deadly weapon. I don't think the police would appreciate it if they knew I was taking Karate. What I want to know is, if I take your course, will I be bugged by cops?

"Oh, no," was the reply. "Don't worry about that. The police have no control over us, and the other is your business. We ask no questions."

A person in this country must apply to the police for a permit to carry a concealed weapon and in the Orient people who practice Judo, Karate, etc., must be registered. But in the United States, any kind of nut with Karate knowledge is unhampered by the law, and we shudder to think what could happen here if certain elements of our society — which we have been unofficially assured is already the case—ever took real advantage of this.

We are not implying here that all Karate studios, instructors and students are irresponsible kooks or that Karate should be abolished. To be sure. there are legitimate studios, legitimate instructors and people who could be legitimately in need of such training.

What we advocate is a closer watch on such lethal "sports" as Karate and Gung-Fu through legislation that would take Karate out of the hands of children and that would require that Karate studios, instructors and students be registered with and controlled by the police. We also would like to see punitive laws put into existence that would discourage the indiscriminate use of any such lethal forms of hand-to-hand combat.

Westmoor Could be 'Surprise' Club

WESTMOOR RAMS line up in a practice session on the Rams' home field. The 1963 league champs opened their practice schedule at home Friday afternoon with a 21-13 victory over Fremont of Oakland. Coach Pete Matisi calls his club the "most enthusiastic" he's ever guided.

COACH OPTIMISTIC

Record Number of Players Turn Out

(This is the second in a series of articles on North Peninsula League football teams and their prospects for the 1964 season.)

By JOHN HORGAN

WHEN your team has won its league's title for two years in a row (the only two years of its existence) and compiled an 8-1 record in 1963 what does the coach do for an encore?

This is the "problem" which besets Westmoor High mentor Pete Matisi as he prepares his Rams for the 1964 season.

Look at what Matisi has lost from that fine '63 aggregation:

All-everything quarterback Bruce Hix, North Peninsula League's most valuable player, total offense leader with 644 yards gained running and passing; the league's leading ground gainer in fullback Dave Mahoney; the circuit's best lineman in tackle Bob Hansen; the league's second leading receiver in all-league end Marc Mallinger, and all-league guard Bob Van Tassell.

THIS IS the team that scored 231 points, swept through the NPL undefeated and lost but one game, that to Riordan, and was felt to be the best team in the North County last year.

Is Matisi crying about his losses? Not on your life, Listen to what the former USF gridder has to say about his current club.

"In my eight years at Westmoor, this is the finest and most enthusiastic bunch of kids that I have ever had. not only that, but this could be the best team I have ever had. It is surely the largest, both in size of players and the number in the turnout. It could be the surprise team in the entire area this year."

At the all-important quarterback slot Matisi has a pair of fine prospects in Jim Frost and Mike Elston, son of former SF 49er "Dutch" Elston.

Frost throws the ball long but Elston is more accurate in the shorter distances. Elston is the lad who came on when Hix was out last year and established himself as the sixth best qb in the NPL. Even with Hix gone, the Rams aren't in bad shape at quarterback.

IN BACKS Ron Baker, all-league last year, and Steve Marchand, a transfer from South City, Matisi sees litle dropoff from last season. Backing up this pair are Scott McGowan, Al Rodrirgues, Tom Olson, Dave Doder, and possibly some transfers.

"This is the best depth we have ever had in our running backs," comments Matisi.

At center the Rams feature Dave Milton (185) and Bob Mattson (190).

Flip Reade (165), Ken Brice (180), Reggie Baumgartner (165), Jeff Thomas and Lew Jenkins fill out the guard spots.

MATISI IS well stocked with massive tackles. The following seven will not only see action on offense but they will also form the biggest defensive line in the North County.

Led by all-league Dan Hartman (225), the Rams feel that tackle is by far their strongest line position. Phil Grubstik (210), John Glebow (255), Tom Powell (260), John Lanthier (205), Rich Laherty (220), and Dennis James (215) are all fighting for starting berths in what promises to be the most formidable wall of muscle in the North Peninsula League.

UPHILL VICTORY

Rams Top Fremont In '64 Inaugural

The Westmoor High School Rams have postmarked an early bid for Northern California prep grid prominence.

Westmoor, displaying the same tenacity as in the past, battled from behind to defeat Fremont of Oakland, 21-13, on the Ram field Friday.

End Bill Waite grabbed a 23-yard pass from quarterback Mike Elston to tie the score at 13-13 with just 39 seconds showing on the clock in the first half.

Ron Baker then split the uprights with his second PAT of the day to put the Rams ahead for good, 14-13.

Coach Pete Matisi's gridders scored once more with 3:44 left in the third period.

Elston rolled out from the five-yard line on a keeper to make it 20-13. He then added the extra point on a run to cap the day's scoring.

Fremont took a quick 7-0 lead in the first quarter. However, Westmoor tied it up in the second stanza when halfback Al Rodriques ran it in from the eight-yard line and Baker kicked to make it 7-7.

A 57-yard pass play from Rick Sanchez to Eric Jones once again projected Fremont into the lead, 13-7, with 9:24 left in the first half.

However, Westmoor beat the clock for its go-ahead score, 14-13, and a successful 1964 grid debut.

Fremont	7	6	0	0	—13
Westmoor	0	14	7	0	—21

Scoring: Fremont—Sanchez, 6 yard run; Jones, 57 pass play from Sanchez, Westmoor—Waite, 23 pass from Elston; PAT—Bakcer (K); Rodriques, 8 yard run; PAT—Baker (K); Elston, 5 run; PAT—Elston (R).

That's a load off our front.

Now you know why the Volkswagen Station Wagon has that sawed-off look.

There is no front in front because we put our engine in back.

The advantages are obvious:

The Volkswagen is 4 feet shorter than standard wagons, but only 9 inches longer than the Volkswagen Sedan.

It parks like a little sports car.

Yet inside, you can carry more stuff than any wagon made: 1632 lbs.

Then there are a couple of advantages that aren't so obvious.

The Volkswagen is nearly a ton lighter on its tires than standard wagons. So 35,000 miles to a set is not unusual.

And you'll never need water. Or anti-freeze. The engine's air-cooled. No radiator.

You get the kind of mileage people hope for in compact cars, to say nothing of big wagons. (24 miles to the gallon is average.)

And you're still pushing a hood in front? When all that could be behind you?

Colts Lose To Serra in Last Seconds

By JOHN HORGAN

Among the high school football set, pre-season practice games are supposed to be a time for conservative testing and cautious experimentation.

But the manner in which Serra and El Camino High Schools fought each other Friday afternoon in one of those practice games made it appear that every championship in the books was on the line.

Scoring touchdowns in the final two minutes of the game, the Peninsula rivals staged one of the wildest finishes ever seen before host school Serra took a 13-7 victory in the season's opener for both clubs.

With 1.47 remaining in the game, El Camino quarterback Mike Tyler tossed a 29-yard scoring pass to Bill Jones, which gave the visitiors a 7-6 lead after the conversion.

But no sooner had the crowd of 800 settled back in their seats than Serra quarterback Steve Mongillo duplicated Tyler's feat 19 seconds later with a touchdown pass to Dan Johndrow for the Padre victory.

Serra took a 7-0 lead late in the third period following an interception. Dan Johndrow, sneaked past two Colt defenders from five yards out for the first tally of the game.

The Colts will meet Capuchino Friday night, in another non-league game.

S.F.F. Lives Up to Billing In 27-18 Win

By GARRY NIVER

The South San Francisco High School Warriors, a team with a lot of old faces and a brand new 1964 title desire, did the prep grid experts a big favor Friday night.

The Warriors nearly everyone's choice to win the North Peninsula League and to go through the season undefeated, made an auspicious debut before a hometown crowd by whipping San Lorenzo, 27-18, in a practice game.

A crowd of about 1,500 watched on at Clifford field as the Blue and White rolled to a 20-0 halftime lead and then coasted home for their first plus mark on a nine-game schedule.

The Industrial City eleven unveiled a hard-hitting ground game and a superb passing attack as they treated their visitors rudely for the most part of three quarters.

"I was very pleased with the boys' performance tonight," said a smiling head coach Ray DeJong following the victory.

Despite the closeness of the score, the Warriors were never in any real trouble as DeJong substituted frequnetly to keep the game from becoming too one-sided.

The Warriors scored on touchdown passes from John Muro to Dale Cury and Ed Bruno, a 34-yard run by Greg Jones and a 46-yard run by Bob Baptista on recovery of a San Lorenzo fumble. Carl Olson booted three PAT's.

HIS BEST YEAR

The first USGA Open was held on the nine-hole course of the Newport, R.I., Golf Club on October 4, 1895, during the same week and on the same course as the first USGA Amateur.

CUADRA HURLS TD

Jefferson Ties San Rafael, 7-7

The Jefferson Indians, who yielded 204 points last season, gave indication Friday that they aren't going to be quite as generous this season.

Coach Joe McGrath's Indians battled San Rafael to a 7-7 tie on the Jeff field to kick-off the 1964 prep grid season.

The Jeffs scored the tying touchdown in the third quarter when halfback Tom Bettencourt caught a five-yard pass from quarterback Rich Cuadra.

Cuadra then threw to Bob Untalan for the tying point after touchdown.

And Andy Foley broke up a possible San Rafael TD just as the final gun went off when he batted down a visitor's pass in the end zone.

"I was real pleased with the performance. I thought that the kids played real good," McGrath said after the game.

He cited the offensive efforts of quarterback Cuadra and the defensive stylings of Dan Shelton, Al Namanny, Bill Shelder, Jim Crane and Rich Terry.

SAME COURSE

Ken Venturi, U.S. Open champion, is enjoying his best year in golf. In the first seven months this year he won $43,065, which is almost $2,000 more than he won in 1960 as the nation's second leading money winner.

School Aid Law Merits Support

PROPOSITION NO. 3 on the coming state ballot will bring home, once again, the fact that the great growth of California and the high level of prosperity in the state entails responsibilities as well as swelling population and satisfaction.

Proposition No. 3 is entitled "The State School Building Aid Bond Law of 1964." It involves a bond issue of $260,000,000 for the construction and improvement of public schools. It is like similar measures ranging from as low as $100,000,000 to as high as $300,000,000 that have been presented to voters at the last seven biennial state elections. Each of these measures has been, successively, approved by the voters.

These bond issues have allowed the state to make loans and grants of state money to meet school building needs in districts that have exhausted their own resources without being able to provide needed classrooms and other facilities for their pupils. The districts agree to make repayments over a 3-year period to the extent that specified local tax rate will meet the obligation.

PROPOSITION NO. 3 is not essentially different from the predecessor measures that have allowed the state to implement this loan policy. The $260,000,000 in bonds would be placed in the State School Building Aid Fund from which allocations are made to qualified school districts.

Without this fund the condition of California schools would have become chaotic since the school enrollment has exploded from two million in 1952 to an almost completely certain four million, three hundred thousand in 1966. Each year classroom space is needed for an additional 160,000 children — that means 5,000 new classrooms each year or the equivalent of one new school every day.

School districts throughout the state, including San Mateo County, have had to turn to the state aid fund as the only possible way in which to meet classroom needs. The end is not in sight.

THE AID PROGRAM has been sound and successful. It has proved a practicable method to meet needs that would otherwise overburden local taxpayers. Until the crisis of ever-mounting school population ends there is no workable or acceptable alternative.

Therefore, The Post recommends to its readers that they vote "Yes" on Proposition No. 3.

There simply is no other choice.

Sequoia Gargantua

AN ARCHWAY big enough to drive a team of horses through has been carved out of this giant sequoia tree in Calaveras Big Trees State Park. The trees are considered the oldest and largest of all living things on earth. The park abounds in trails, creeks, swimming areas, campsites and a variety of wildlife. Big Trees is situated on the north fork of the Stanislaus River on State Highway 4, about 25 miles east of State Highway 49. This is another in a series on parks and historical areas within a day's driving time of the North County.

The Great View From Mary's Help

Don Miller

WELL, WE'RE CONVINCED—if we needed any conviction that is. The best view in the house hereabouts is going to be from a patient's bed in Mary's Help Hospital.

There's just no doubt about it. Being sick in the North County may wind up to be a blessing in disguise if you land in Mary's Help after the hospital opens sometime next summer.

To say the view is spectacular would be playing it strictly low key. It's breathtaking and if we were running the show, we'd charge an admission fee for visitors just to get above the first floor.

We got an eyeful the other day of what the ailing will see when they gaze out a window at Mary's Help and to be quite frank, we wouldn't exactly mind coming down with some reasonably short and not-too-serious malady around the time the hospital opens its doors for the first time.

The occasion for seeing what you'll see from Mary's Help was a traditional and somewhat formal ceremony builders go through when they finish erecting the top floor of a new building.

It's called "topping off" and instead of smearing frosting on a cake, in this case it was supposed to be a wheelbarrow-full of concrete poured into the last form on the roof of the building.

We say "supposed to" for like so many of these ceremonies, it was sort of faked. That is, the concrete had been poured earlier and what we witnessed was a host of hospital and building officials going through a dry run for the benefit of the press and photographers.

If the genuine stuff HAD been poured at ceremony time, it would have been catastrophic for one photographer inasmuch as he had set his equipment in the bottom of the form the concrete was supposed to fill and there it sat all during the make-believe program.

★ ★ ★

BEFORE THE festivities commenced, we had gathered in the contractor's offices next door for a short briefing on what we were going to do—which was, to put it succinctly, forthwith climb 10 flights of stairs.

Some of the more roly poly of the press blanched at that one and somebody mumbled something about it was too bad the escalators weren't running. Of course, the hospital wasn't designed with escalators in mind but at that moment it would have been comforting to know that it had—and that they were working.

So up we marched—"we" including hospital administrator Sister Hermione, who turned out to be somewhat of an Alpine mountain climber the way she negotiated those stairs, F. Pierce Lathrop, the top man in the construction firm that bears his name and that is building the hospital, a couple of short-winded public relations men and a trailing rear guard of even shorter-winded members of the Fourth Estate.

At about every third floor or so, this latter pride-and-joy of America's physical fitness community would stop to "inspect" progress on the building but those who were cursing the vile weed and hacking their way up the stairwell knew all along our hosts had sagely scheduled the stopovers so that life and limb might be sustained all the way to the top.

Each of these stops gave us an opportunity to ooh and aah at the view and as Daly City fell away below with each new floor successfully negotiated, the oohs and aahs grew louder.

★ ★ ★

LEADING THE cheering section was Sister Hermione herself who long ago was determined that not only would Mary's Help be an up-to-date hospital, it also would out-view all the views anybody has ever had before in the North County.

On the sixth floor, she stopped, took in a deep breath of salt air wafting over from the Pacific, gazed out over Daly City and the hills and houses of San Francisco beyond and exclaimed with all the enthusiasm of a youngster atop the Empire State Building for the first time: "Isn't this spectacular."

On the ninth floor, the Sister, who has visited the construction site so many times she's considered an ex-officio worker by the construction crew, waved her hand in the direction of the horizon and allowed that "on a clear day, you can see the Golden Gate Bridge and ships coming in."

Just as we were about to suggest that standard equipment in each patient's room should include a pair of binoculars, Sister Hermione voiced the same idea.

We knew right then and there that the hospital administrator is convinced that there will be as much therapeutic value in a view of the Golden Gate as there is in a bottle of medicine.

Of course, Daly City's weather isn't exactly known for its 100 per cent sunshine and as one cynical laborer on the top floor put it after the topping rites:

"The view sure will do something for a patient's morale but if it's foggy or cloudy, he'll probably have a heck of a relapse."

★ ★ ★

GIVING EVERY patient a Top of the Mark type feeling, by the way, all came about because Sister Hermione hoped to have just private rooms in the building.

From a cost standpoint, that idea was vetoed so instead, architect Dean L. Folker came up with the novel idea of designing the building with two-patient rooms in such a way that every patient would have a view and the view would make him feel as if he had his own room. The result is a building with 45 degree angle windows on the corners and every room laid out so that a Bay Area panorama is available through the simple expedient of opening one's eyes.

So we're glad Sister Hermione didn't get her wish about private rooms. Because if she had, convalescing at Mary's Help might have had to go on with fewer views and from where we viewed the view the other day, that would have been too bad.

Rafferty Speech Packed Them In

Ron Bates

THE DALY CITY-COLMA Chamber of Commerce drew almost a capacity crowd to the Friar Room of Serra Bowl at a luncheon Thursday to hear Dr. Max Rafferty speak on the problems confronting education today.

It was, by far, one of the largest crowds ever to turn out for a regular meeting of the chamber. It was a crowd that was not disappointed because the controversial state superintendent of schools is probably one of the most colorful and forceful speakers ever to appear in these parts.

As one of the local politicos put it after hearing the talk: "I couldn't help feeling I was listeing to the next Republican nominee for governor."

RAFFERTY HAS a free and entertaining style of speaking and, at times, it almost seemed as if he were a paid professional, hired for the afternoon's fun.

But when he was serious, you knew it, and I think the organization of his speech brought his points across.

He was quick to seize on incidents at the meeting and use them in his talk to bring home points.

For example, Fred Martin, beaming and resplendent with his Goldwater badge, introduced various school, city, county and state officials in the audience. He had arranged the Rafferty talk.

He introduced Elio Fontana, chairman of the Jefferson Union High School District, as a member of the Jefferson Elementary School District.

Rafferty said this is typical of the average layman's knowledge of school affairs. He told of an incident in the 1962 campaign when he ran for the position of state superintendent of public instruction.

It took place in a factory where management had provided time for various candidates to come in and speak or explain issues. Rafferty spoke for about a half hour and had concluded his remarks when a big burly fellow, who appeared to be somewhat in charge, came up and said:

"We wanna thank ya Mr. Rafferty for coming to speak to us today and we sure hope you get that state construction job."

RAFFERTY'S VIEWS on progressive education are known to just about everyone who can read a newspaper. His running battle with Thomas Braden, chairman of the State Board of Education, is in the headlines on the average of at least twice a month.

Nevertheless, there is nothing like getting it from the horse's mouth and so Chamber Manager Pete Markovich popped the inevitable question, "What do you think of progressive education?"

The superintendent ran his hands over his face in a gesture of frustration because of a lack of time and related a clever story about Calvin Coolidge.

It seems one day Cal, a man of few words, went to church. When he came home, the conversation went something like this:

"Wife: "Did you hear the sermon?"

Cal: "Yep."

Wife: "What was it about?"

Cal: "Sin."

Wife: "What did he say about it?"

Cal: "He's agin' it."

THIS IS THE same way Rafferty feels about progressive education.

He said he thinks of his election as a mandate from the people to make a 180-degree turn in the direction of education.

In other words, it's a return to teaching the basic essentials instead of such things as group adjustment and the like.

And if you feel like he does, that the local school districts are spending too much on frills, then he suggests: "Turn out the prodigals and put in a couple of Scrooges."

All and all it was a very imformative talk. Now, I'd be interested to hear a similar talk by the superintendent's major opponent—Tom Braden.

One thing is for certain. If the chamber continues to get this calibre of speaker, those empty seats at the Friar Room every third Thursday of the month should fill up.

MANY A SLIP 'tween the cup and the lips category—After three weeks of not city council meeting, Mayor Micheal DeBernardi, who alternates his call for the question on motions with the phrases, "what's your pleasure?" and "all in favor?", made a slip last week.

"What's your flavor?" he auked.

He realized the slip when Councilman Bud Lycett seated next to him quickly replied: "Vanilla."

IT WAS LIKE a scene from a Laurel and Hardy movie, Recreation Director Chuck Vincent said when he described his house painting experience last week.

A bucket of yellow paint came toppling down from the ladder, hit his son, Andy, on the shoulder and decorated Vincent's lawn, the neighbor's driveway, his son and another neighbor's boy who was dressed up to go out for dinner in a few minutes. Vincent tried to repair the damage with paint thinner, but the next day Andy went to school prematurely gray.

The Marquee

A New Era Is Launched

Barbara Bladen

A MENACING-LOOKING jeweled dragon threaded its way through arriving guests in front of the beautiful new Hyatt Music Theatre in Burlingame last week to dispel evil spirits before the premiere performance of "Flower Drum Song." Inside, a festive, dazzling audience was rewarded with a spectacular Oriental setting, and a new and exciting era was launched in San Mateo County.

Acclaimed by everyone as a "thrilling, precedent setting event," the beautifully appointed theatre, the fashionable opening night audience and successfully staged production easily lived up to all expectations of excellence.

The laquered Chinese colors of the stage and lantern-lit overhand were a world apart from the modern burgundy-toned lobby outside with its metallic wallpaper and free form shimmering mobiles. The theatre building was duly admired and comfortably accommodated a near capacity crowd.

"FLOWER DRUM SONG," a happy, up-to-date musical by Oscar Hammerstein and Richard Rodgers was an excellent show with which to open the doors on the first all professional, permanent musical theatre on the Peninsula.

Pat Suzuki, a pint-sized, wide-eyed Japanese "doll," whose booming voice could shake the cobwebs loose from the rafters, gives the show its real shot in the arm. As Linda Low, the nightclub performer whose yen for men creates static from a generation who still selects their sons' brides, she has a personal magnetism and sparkle that provides a self spotlight.

John Haymer, who looks disarmingly like Shelly Berman, was the cocky, slang talking nightclub performer Sammy Fong. His brashiness and swagger is at the opposite end of the personality pole from the inscrutible Oriental manners of his elders.

Maureen Tiongo is a delicate, fragile beauty whose many accomplishments and qualifications as a prospective bride include singing the "Flower Drum Song." Her piquant observations on American ways via television and a teen-age rock-and-roll fan, Roger Minami are charmingly assayed.

PRODUCER HERB ROGERS has assembled a handsome and talented cast that received rounds of deserved applause. Among those who give the trimmed and compact stage version its best moments are Kathleen Freeman as an aunt with Chinese-American allegiance and a ready quip to smooth over awkward situations; Bob Kino as the proud and polite father of the bride-to-be, and Mary Lou Dowers, the loyal and love-sick admirer of the indifferent Wang Ta. Her vocalizing of "Love Look Away" was one of the show's high points.

The $2,500,000 theatre-in-the-round was still having final adjustments when the gong called the milling crowds to their seats. Curtain time may become a colloquial expression in time since there is no curtain at center stage theatres, which are rapidly being built in communities throughout the nation.

Set changes are made quickly and silently in semi-darkness with several scenes played in the aisles during rearrangement of the sets. The novel use of all playing areas is a challenge that director Yuki Shimoda, choreographer Gildo Di Nuzio and set designed Tad Anheier successfully arranged.

The dream ballets were stunningly costumed and impressively choreographed. We were charmed by the smoke snorting dragon.

Letters to the Editor

TO THE EDITOR:

On behalf of the members of my congregation, B'nai Israel, I wish to thank Mayor Micheal DeBernardi and the Daly City Council for their thoughtful and warm wishes for a Happy New Year to the Jewish people in this area as well as to those in the surrounding area.

Rabbi Solomon A. Shore,
Congregation B'nai Isreal.

TO THE EDITOR:

I want to personally commend Ron Bates on the very fine articles he has written regarding the sanitation field.

If there were more newspapermen who would devote some time in presenting the facts of water pollution as he has done in his column (North County Notebook), there would be a better understanding of this problem by the population at large.

I am sure you are already aware that a fellow member in the national brotherhood of newscasters and newspapermen, John Charles Daly, has taken a personal interest in this problem and through the media of television has brought it to the attention of the nation.

For his efforts, the Water Pollution Control Federation, of which he is a member, acclaimed him at their national conference in Seattle last year.

I believe Mr. Daly himself would be delighted in knowing that Mr. Bates is carrying out his work in our community.

Robert V. Bernicchi

Peninsula Panorama

The Fine Art of People-Watching

George Whitesell

"PEOPLE-WATCHING" is a hobby on this Peninsula with more practitioners than the gentle reader would probably believe.

Some avid people-watchers are not even aware that they are engaged in this pastime—they just think it is doing what comes naturally and that everybody does it.

Others are quite conscious of what they are doing and a bit shame-faced about it, although not enough to quit.

A few are nosy and don't give a hoot who knows it.

There is not as much real science to people-watching as there is to bird-watching for the reason that you can classify a bird from the way he looks, sounds and flits around.

You watch the little blighter when he perches on a twig, listen to his remarks, note his feathers and size, and then you look him up in a book and, sure enough, he is a red-crested booby hatch.

With people-watching this will get you nowhere. There isn't any book.

Also, with the birds a sparrow is a sparrow. But with people what looks like a bum may turn out to be a banker, or vice versa.

★ ★ ★

TOO, IT IS DIFFICULT to get a people to perch on a twig while you survey them through the trustry binoculars.

People tend to flit about just as much as birds and if they do take a rest for a moment they ordinarily do not relish having someone investigate their pinfeathers with a high-powered glass.

Being caught at this can bring the beginning people-watcher to a sad pass. A bird can't protest much, but people can and will.

People-watching, for the discreet is best done from the corner of the eye, unless you are watching professional athletes or actors who get paid for being watched. And this takes them out of the amateur class.

★ ★ ★

PEOPLE, LIKE BIRDS, however, are best watched in their natural habitat and the experienced people-watcher knows the best place to look.

Stay-at-homes can watch through the window. This is perfectly safe and does not involve much effort, but it limits the field and you keep seeing the same people. Only chance will bring you someone worth watching.

A variation of this, sitting in a parked car and watching people who pass on a busy street, is much better and rewarding.

But the whole field of people-watching is so much broader than that of bird-watching that the genuine hobbyist is forced into specialization like, for example, girl-watching.

This cuts down the field considerably and allows the watcher to write down some rare specimens in his mental logbook.

One unabashed girl-watcher listed the following bag within a single lunch-hour as he observed from the seat of a parked truck:

Two back-combed teen-agers, a blonde slack-bulger, three whole coveys of high school gigglers emitting their customary cries, a minkbacked grande dame, a pair of bickering beauty operators, a blue-crested dowager, and a common or garden variety redhead with a most unusual and interesting topknot.

There were other specimens about, but as he says, "you can't watch 'em all."

★ ★ ★

WE ARE INFORMED that girls indulge in boy-watching, but you would have to be a girl to know whether there is any excitement in this.

Women people-watchers are generally more critical than men and usually travel in pairs or herds since they like to comment to each other on the specimens they see.

Male people-watchers commonly concentrate on what the subject under observation is doing. The women don't care much about what people are doing—they want to see what they are wearing.

Anyone can join the hobby of people-watching. There are no fees or dues and you can elect yourself president of your own club. And there isn't much work involved. You don't even have to list the people you see—that's for the birds.

Sugar 'n' Spice

By Nell Norton

TODAY'S COLUMN will center on lamb and on new ways (and some old ways) of cooking and serving this delicious meat. Since a leg of lamb is so easy to cook and so well received by hungry diners, we'll start off with it.

ROAST LEG OF LAMB

8 pound leg of lamb
6 medium potatoes, pared
1 can (1 pound) onions drained
Salt and pepper

Put lamb on rack in roasting pan. Roast in moderate oven, 325 degrees, for four to four and one-half hours. About one hour before meat should be done, parboil potatoes 15 minutes. Drain and put in pan with meat. Roast 45 minutes longer, basting potatoes occasionally with drippings in pan, and turning to brown evenly. Add onions during last half hour and baste occasionally. Season vegetable. Makes six servings with meat left over.

☆ ☆ ☆

SINCE YOU will have some left over (you hope!), here are some ideas for serving that left-over lamb in a tasty manner.

LAMB AND RICE BAKE

2 medium onions, chopped
2 tablespoons lamb fat
2 cups ground roast lamb
2 cups cooked rice (½ cup raw)
1 can (19 ounces) tomatoes, drained
1½ teaspoons salt
1 teaspoon paprika
1 teaspoon Worcestershire
1 slice bacon, diced

Brown onions lightly in fat. Add lamb, cooked rice, tomatoes and seasonings. Mix well. Pack into greased 1½ quart baking dish. Sprinkle with bacon. Bake in 375-degree oven about 45 minutes. Services four.

☆ ☆ ☆

ANOTHER WAY to make lamb delectable the second time around is in this casserole, which is very attractive with its border of fluffy mashed potatoes.

LAMB CASSEROLE

5 cups hot seasoned mashed potatoes (about 6 medium-size)
2 cups cooked lamb, cubed
1 cup cooked peas, drained
1 cup cooked, diced carrots
1 small onion, grated
¼ cup flour
2 cups milk
1 teaspoon salt

Melt butter in saucepan, blend in flour and salt, slowly add milk, cook over low heat, stirring constantly until mixture thickens and boils. (As you know, this is just a thick white sauce recipe. To this cooked white sauce, add the lamb, peas, carrots and grated onion. Stir and set aside covered.

Line a one and a half quart baking dish with the mashed potatoes, spreading evenly over bottom and sides. Pour the creamed mixture into the lined baking dish and bake in 375-degree oven 30 minutes or until the potato border is lightly browned. Serve four.

☆ ☆ ☆

LAST BUT NOT LEAST, we'll consider ground lamb patties. These you can buy made-up in some markets or you may ask your butcher to grind up lamb for you. You will get about four patties in a pound.

BAKED LAMB PATTIES

1 pound ground lamb
4 slices of bacon
1 can consomme

Form the ground lamb into four patties and wrap the bacon around the edge. Lightly grease a skillet and brown on one side. Season with salt and pepper. turn and brown on the other side. Season again. If there is too much fat in the skillet, pour off some.

Next, add canned consomme as it comes from the can. The amount depends on how many patties you are fixing. The consomme should be about a quarter-inch deep. Place in 350-degree oven and cook and baste for 40 minutes to an hour. If you like, you may add a little mint jelly to the consomme as you baste and bake.

Louanne's Datebook

By Louanne Heath

OPENING NIGHT at the San Francisco Opera is one of the major social and cultural events which clearly proves that, though the Bay Area may be politically divided into sub-units, it can become a single entity on occasions of great general interest.

Among those traveling to San Francisco's Opera House for the performance of "Othello" were **Mr. and Mrs. Jack Mihalovich** of Westlake. Occasioned by the event were pleasant memories of the last opening of the Opera which the Mihalovich's were above to attend. On that gala evening two years ago the couple were accompanied by Mrs. Mihalovich's mother, **Mrs. Lisa Moss.**

As local friends are aware, Mrs. Moss makes her home in romantic Istanbul, Turkey. She was visiting her during the fall of 1962 and was able to enjoy the spectacle and grandeur of San Francisco's annual salute to opera.

☆ ☆ ☆

FIRST nighters at the Gertrude Berg play, "Dear Me, The Sky Is Falling," were **Mr. and Mrs. Murray Freedman** of Weslake.

☆ ☆ ☆

THE NUMBER of inducements being offered to women attending the Our Lady of Perpetual Help Mothers' Club "L'Anniversaire d'Argent" are truly remarkable and they are certainly sure of creating a sense of excitement and anticipation among guests at the fashion show and luncheon.

According to **Mrs. Dorothy Bergin**, chairman of publicity for the event, a two-tier Swedish white fox shrug and a Cerulean mink boa will be given away during the afternoon. A surprise award, said to be in keeping with the silver theme of the show, will also be awarded.

Persons interested in attending may make reserations by calling **Mrs. Tony Pacheco,** WY 2-5270 or **Mrs. Phillip Dittmore,** PL 6-2582. The show will be held on October 24 in the Thunderbird Motel in Millbrae.

☆ ☆ ☆

ACCORDING to President **Mrs. Gary Peck,** the College of Holy Names Alumnae, north peninsula branch, will hold the first meeting of the fall on October 6 at 8 p.m. in the home of unit secretary-treasurer **Mrs. Constance Stefani,** 190 Linda Vista Drive, Millbrae.

Branch members expect an increase of approximately 12 new members this year as a result of the recent expansion of the area covered by this group, Mrs. Peck said. The additional alumnae, all from San Mateo, will increase the membership to 35.

The October meeting will be primarily a get-acquainted session with emphasis on planning for the months ahead. Mrs. Peck has announced that branch projects will hopefully aid high school girls in their efforts to become better acquainted with the college, its facilities and the faculty. Also an innovation for this branch will be attendance to the annual CoHoNa Ball to be held in November. Tentative plans have been made for a pre-ball dinner aprty, Mrs. Peck indicated.

☆ ☆ ☆

A NUMBER of Daly City and Pacifica women will be extremely busy this weekend participating in the annual County Fair and Bazaar to be held by the Chapters of Children's Home Society.

There will be seventeen booths at the County Fair, representing the volunteer chapters from Oakland, San Francisco, Daly City, Berkeley, and Alameda. Shoppers may do their personal, gift and holiday shopping while their children watch cartoon movies, try their luck at the fish pond or the grab bag booth or, they may occupy the time by watching the balloon man conjure up amusing animals.

The Daly City, Stardust Chapter, will have for sale in its booth colorful luncheon sets, imported cheeses, home preserves and antipasto. **Mrs. J. N. Gilpatrick** is chairman of the booth and **Mrs. Willard Petersen** of Pacifica is co-chairman. **Mrs. Carl McCarthy** and **Mrs. Cyril Beaumont** of Pacifica will also assist.

Coast AAUW Opposes 14

Pacifica Branch of the American Association of Univtrsity Women last week declared its support for the work of Pacificans for Fair Housing, the local organization to oppose Proposition 14.

In a letter to the co-chairmen, Mike Haggerty and Andrew Field, the association reaffirmed its "firm stand against the proposed Constitutional Amendment on housing" and pledged "as an organization and as individuals to do our best to make the implications of the initiative clear to the people of Pacifica."

The letter, signed by the secretary, Mrs. Lola Bermudez, further stated, "We are in sympathy with your purpose and wish you success in your efforts."

At the regular meeting of the AAUW branch on Wednesday, September 16, a contribution basket to support the campaign against Proposition 14 on the state and the local level netted over $40 and was forwarded to Pacificans for Fair Housing through Mrs. Mildred Simon, wife of the vice chairman, George Simon.

Barbecued Cow

THAT fiberglas cow used as an advertising promotion by Pip's Drive-in Restaurant at Lake Merced and Alemany Boulevards became a barbecued cow. Vandals set the cow afire and before firemen could put out the flames, all but the head had been coasted. A spokesman for Pip's said the cow had cost $370. He added that if it was replaced, the next one would be mounted about 20 feet off the ground.

An accused robber who holed up in a Watsonville motel with his wife and infant daughter for more than three hours Tuesday before being talked into giving up by a newspaper phtographer and reporter has been identified as the gunman who robbed the Sea Bowl in Pacifica of $200 on Labor Day.

Lawrence Earl Rodman, 29, an ex-convict from Sandusky, Ohio, was first connected to the local crime by Mrs. Madeline Ambrosius, a radio dispatcher and police matron in the Pacifica police department, from newspaper accounts.

The victim of the local robbery, James Vlahovich of Daly City, was taken yesterday to Watsonville by local officers and definitely identified Rodman and his wife, Sonia, 23, as the pair who calmly robbed him of $200 Labor Day afternoon

CALIFORNIA-STANFORD NOV. 21

For the Week's Best Entry

Send in your entry in the

FOOTBALL CONTEST

Sponsored by The Times and The Post

Entries available every Tuesday and Wednesday in The Times; every Wednesday in The Post

RULES AND REGULATIONS

1. Select the winner of each game by placing an "X" in the box on the margin side of the team you think will win. If you predict the game will end in a tie, place an "X" only in the column headed "Ties" between the two teams. If the game ends in a tie, credit will only be given toconTestants who predict the tie.
2. Write the total net yards (rushing and passing) that you think the S. F. 49'ers will make in Sunday's game in the box provided. (This estimate will only be used in case of ties between two contestants.)
3. Clip and mail the entry blank to:
   FOOTBALL CONTEST
   San Mateo Times
   P.O. Box 1691
   San Mateo, Calif.
   or to
   FOOTBALL CONTEST
   The Post
   30 Park Plaza Drive
   Daly City, Calif.
4. Entries must be postmarked prior to midnight Thursday of this week or delivered to The Times prior to midnight Thursday of this week. The Times is not responsible for entries lost, delayed or destroyed or which fails to reach The Times or The Post by 9:00 A.M. on Saturday.
5. To receive the cash prize the winner must pick all 15 games correctly. If the entry does not pick all games right, then the winner will receive 2 tickets to the Big Game, California vs. Stanford, on November 21. The previous week's contest cash prize will be added to the next week's contest if it is not distributed to a winner. This cash prize will be given to the winner of the final week's contest if it has not been distributed before. The final week's winner will not need to guess all 15 games to win the cash prize. In case ties cannot be broken between contestants by means of the tie-breaker, the prize will be divided equally. (This includes ties between contestants who pick 15 winners.)
6. A bonus of $50 will be given to each cash prize winner (not Big Game ticket winners) who is a home-delivered subscriber to The San Mateo Times or indicates immediate delivery of The Times is wanted. To qualify for his bonus, either of the boxes at the bottom of the entry blank must be checked. In the event two or more subscribers divide the contest cash prize, the bonus prize will be divided in the same manner.
7. Number of entries from one household is limited to fifteen (15) on official entry blanks but only one (1) exact sized facsimile of the official entry blank may be submitted. Submission of more than one facsimile in any one week will render all facsimiles submitted by that contestant void.
8. Entries may be attached to a postcard, mailed in an envelope or delivered by hand to the San Mateo office of The Times or the Daly City office of The Post.
9. Anyone may enter the contest except employes of The Times or immediate members of their family.
10. The decision of the judges is final and all contestants agree to abide by the judges' decisions. All entries become the property of The Times, no answers may be returned. The Times reserves the right to correct any typographical errors in the entry blank which affect the outcome of th contest. Answers to the contest or winners' names will NOT be given out over the phone. Winners will be notified by The Times.

BETTER BUSINESS

Technique in Directory Frauds Aired by Bureau

By LORENE BEASLEY
Editor, Better Business Bureau "Barometer"

THOUSANDS of business directories are published annually in the United States by well-established firms of good repute.

For many years, however, promoters have operated on the fringe of the directory business, using schemes aimed particularly at company employees who are responsible for approving invoices for payment.

The solicitation forms are designed to create the impression they represent a renewal of a company's listing or advertisement in a local telephone directory or another established directory.

Businessmen and their employees who handle invoices often fail to make even a cursory investigation as to whether anyone in the company ordered a directory from the specific company, the name of which appears on the invoice, and remit for listings they either did not want or did not order.

A directory promoter recently mailed out 800,000 such solicitation forms, asking $27.50 for a listing in a business director. He used the trade style "Tel Classified Guide and Directory Corporation," which led careless recipients to infer that the form sought payment for a previously authorized classified listing in a telephone directory. Actually, the "directory" was merely in the idea stage!

PROMPT REPORTING on the fact by Better Business Bureaus and quick efficient intervention by the Postal Inspection Service terminated this deal. The Post Office returned checks to many red-faced business firms and the promoter lost $75,000.

ONE OF THE best known types of misleading directory promotions is the "slip 'em and paste 'em" scheme.

The promoters clip the listings of business concerns from a recognized directory, usually the Yellow Pages of a telephone book. These clippings are pasted to forms, which frequently resemble invoices in their format, and are mailed to the companies.

Many executives, operating under the erroneous assumption that the forms are an invoice for the renewal of their listings in the classified telephone directory or another established directory, approve payment as designated on the form.

Despite the fact that in most cases the printed matter on the forms reveals that the forms are not invoices but solicitations for purchasing listings or advertising space in a directory not affiliated with the telephone company or other directory, careless and gullible businessmen and their bookkeepers continue to remit for listings not ordered or wanted.

Another favorite device of the clip 'em and paste 'em operators is to send forms to branch offices and wholly-owned subsidiaries.

The addressees many times assume that an insertion in the publication has been approved by the home office and send in their checks.

SOME DIRECTORY promoters engage salesmen to call directly on business firms, stating or implying that they represent the yellow pages, the classified telephone directory published by the telephone company.

The prospect's own yellow pages directory is often used as a guide in drafting a proposed listing and the impression is left that the ad will appear in the yellow pages directory.

Payment is solicited in advance and it may not be until a completely different directory is received that the prospect realizes he has been victimized.

Some of the directory promotions investigated by the Better Business Bureaus show that often a directory was never published.

In other instances, small paper booklets have been issued that were not what the businessman had expected.

Extensive circulation is one of the reasons a business lists in any directory. Investigation by the Better Business Bureau of some of the questionable directories has, in some cases, revealed that the directory has been distributed only to the firms that purchased listings therein!

Businessmen can protect themselves from the directory scheme if they, or their invoice-paying employees, will:

1. **READ CAREFULLY** every invoice or solicitation for directory listings that are received.
2. **FIND OUT** whether anyone in the company ordered or authorized a listing in the directory in question.
3. **SECURE FULL** information about the realiability of any new directory publishing company in which a listing may be under consideration before remitting on any invoice-like solicitation form.

Don't Let Fancy Cake Scare You

DON'T LET making a fancy cake scare you. Even if you are not adept with a pastry tube, you can decorate a cake in delightful fashion.

Whenever thsoe delicious seedless grapes — green or golden—called Thompson are in season, we use the fruit to make a Bunch of Grapes cake.

Our way is to put together two cake layers with apricot preserves, frost with whipped cream and outline the seedless grapes over the cream in the shape of a brunch. A short length of green stem from the grapes finishes off our handiwork. This amusing decotion is delectable to eat: the flavor of the grapes is just right with the cake, apricot filling and cream.

The following recipe produces sponge cake layers that are perfect for this dessert; a little fresh orange juice and grated lemon rind attend to its good flavor. Its texture is fine. But one suggestion: sponge cake mellows after a refrigerator stay, so bake this cake a day or two ahead of serving. Wrap the layers tightly and chill them. On the day you are serving the dessert, put together the cake layers with the filling, then frost and decorate.

BUNCH OF GRAPES SPONGE CAKE

1 cup sifted flour
1 teaspoon baking powder
¾ cup plus one-third cup sugar
4 eggs, separated
¼ teaspoon salt
½ teaspoon cream of tartar
¼ cup orange juice
½ teaspoon granted lemon rind
½ cup apricot preserves (jam)
2 tablespoons brandy, if desired
Cream Frosting
1½ cups seedless grapes

Sift together the flour, baking powder and ¾ cup sugar. With electric beater, beat egg whites with salt and cream of tartar until they stand in soft peaks; gradually adding the one-third cup sugar, beat until very stiff. Without washing beater, beat egg yolks with orange juice, lemon rind and sifted dry ingredients at medium speed for one minute. Fold in egg whites.

Turn into two ungreased round 8 by 1¾-inch layer cake pans. Bake in a slow (325 degrees) oven for 35 minutes or until cake tester inserted in center comes out clean. Cool on wire racks for 30 minutes; turn out.

Put cakes together with apricot preserves (mixed with brandy if used). Cover top and sides with Cream Frosting. With a toothpick, outline the shape of a bunch of grapes on top of cake. Fill in with grapes to simulate a bunch—to do this easily, place the grapes in one layer. Refrigerate.

CREAM FROSTING

1¼ cups heavy cream
3 tablespoons sugar
¾ teaspoon vanilla

Turn cream, sugar and vanilla into a deep small-size mixing bowl. Beat until cream stands in soft peaks.

Complement Fish With 6 Carrots

Cooked this way, carrots complement fish.

Fish Steaks Potatoes
New York Carrots Salad Bowl
Apple Crisp Beverage

NEW YORK CARROTS

6 medium carrots
1 small onion, peeled
1 branch and 1 tablespoon (minced) parsley
4 whole cloves
¼ teaspoon each salt and sugar
⅛ teaspoon white pepper
2⅓ tablespoons butter
½ cup boiling water
1½ to 2 teaspoons lemon juice

Pare carrots; cut in half crosswise; cut each half into 4 sticks. Gently boil carrots, covered, with onion, parsley branch, cloves, salt, sugar, pepper, 1½ tablespoons of the butter and the water until tender-crisp—8 to 10 minutes—and there is scarcely any liquid in pan. Fold in the remaining 1 tablespoon butter, lemon juice and minced parsley. Makes four to six servings.

1 teaspoon salt
⅛ teaspoon pepper
1 medium onion, sliced thin
1 cup water

Wipe beef with a damp cloth; sliver garlic and insert at intervals in meat; coat meat with a mixture of the flour, salt and pepper. In a heavy greased saucepan brown meat thoroughly on all sides; pour off fat. Add onion and water; cover tightly and simmer, turning midway through cooking period, until very tender—about three hours. Skim off fat. Slice and serve with pan gravy. Makes eight servings.

Delicious Is Prime Apple

The characteristic broad-shouldered shape, tapering to five distinct points at the blossom end, will help you distinguish the famous Red Delicious apple. Of the six major varieties constituting Washington state's harvest of three billion apples this season, over half will be of the Red Delicious variety, considered the prime apple for crackling crisp snacking and all fresh uses. Choose the right Washington apple variety for your needs, such as the Winesap for flavorful cooking and eating; the Golden Delicious for your dessert apple; the Jonathan, Newton, and Rome for all cooking purposes.

THREE-FLOUR BREAD

¾ cup buttermilk, scalded
2 tablespoons shortening
1-3 cup light molasses
1 teaspoon salt
1 package active dry yeast
¼ cup warm water
1 cup each white flour, stoneground whole wheat flour and stoneground whole rye flour

In a big mixing bowl stir together the buttermilk and shortening until shortening dissolves; stir in mollasses and salt. Dissolve yeast in water; stir into buttermilk mixture. With a wooden spoon, gradually and thoroughly beat in the mixed flours. Knead on floured surface for 10 to 15 minutes. Place in greased bowl; turn to grease top; cover. Let rise in warm draft-free place (80 degrees) until doubled — 1 to 1½ hours. Punch down. Shape into a loaf on floured surface. Place in greased loaf pan (8x4x3 inches) cover; let rise as previously until doubled — about 1 hour. Bake in a moderate (35 degrees) oven 50 to 60 minutes. Turn out; cool on wire rack.

New Fall Fashion For Meatballs

Ground beef has probably seen plenty of use around your house all summer . . . as a hamburger on the backyard grill or as the ever-favorite sandwich for lunch or supper. Now that Fall has come it is time to put a new dress on this wonderful standby . . . try an Italian approach with canned onion dry soup mix, tomatoes, garlic, and a bit of basil.

Look for the canned onion dry soup mix. Canned onion dry soup mix is a real handy pantry shelf item. You'll love the way it adds wonderful flavor to other main dishes such as stews and casseroles.

Serve Meatballs Napoli over parslied rice. Round out the menu with a salad of mixed greens with a blue cheese dressing and a quick-fix dessert using canned pie apples. Your family will never know this whole meal was prepared in about a half hour!

MEATBALLS NAPOLI

1½ pounds ground beef
1 can (1⅝ ounces) onion dry soup mix
¼ teaspoon salt
Generous dash pepper
¼ cup green pepper strips (about 1 inch)
1 large clove garlic, minced
⅛ teaspoon basil, crushed
1½ cups water
2 medium tomatoes, cut up
3 cups cooked rice
1 tablespoon chopped parsley

In bowl, combine beef, 2 tablespoons soup mix, salt, and pepper. Shape into 4 meatballs. Brown in skillet; pour off fat. Add green pepper, garlic, and basil; cook until green pepper is tender. Add remaining soup mix, water, and tomato. Cover; simmer 15 minutes. Slowly blend 2 tblespoons water into 1 tablespoon flour; gradually stir into sauce. Heat, stirring until thickened. Combine rice and parsley. Serve meat over rice. Makes 6 servings.

Dinner Party Picnic for a Top Cookout

If you'd like to make this year's cookout season something special, give a dinner party picnic. The setting can be patio or park, and the dinner can be as elegant as you wish.

For a table setting, combine the ease of a picnic with the elegance of a dining room dinner. Leave the checked "cookout" tablecloth at home and use one in immaculate white or pretty pastel.

Attention to details can be the key to the elegant look you want. For example, make a centerpiece of fresh spring flowers, arranged as carefully as for an indoor dinner party. Use unbreakable plastic plates and at each place stand large dinner napkins folded into cones. Table favors could be miniature bouquets of spring flowers.

The freshness of a late summer evening outdoors has been known to double appetites, so plan a menu that is picnic-hearty, but party-elegant.

You might serve filet mignon with a wine and mushroom sauce. Prepare the sauce at home and reheat it as you cook the meat. Filets should be sauteed over the fire in a heavy skillet. If you like, substitute good, thick steaks; but whatever you choose, the sauce will make the difference between picnic fare and gourmet dish.

Big baked potatoes, scooped out and re-filled with the potato mixed with cheese or sour cream and chives will compliment the main dish. Do this earlier in the day. Wrap the potatoes in foil and reheat at the picnic.

A salad, a festive dessert, and your favorite party punch will complete the menu.

Pianist In Benefit at Notre Dame

Harriet Goldeen, pianist, will give a benefit concert for the Notre Dame Montessori preschool on Sunday, September 27, at 3 p.m., in the Ralston ballroom on the campus of the College of Notre Dame, Belmont.

The program for the recital includes works by Mozart, the famous Sonata with "Turkish March," Beethoven, Milhaud, and Chopin.

For seven years, Miss Goldeen has studied with the famed pianist and pedagogue, Alexander Liberman. Her former piano teachers include the late Egon Petri, and Alexander Mlynarski of Seattle, Wash.

While attending Mills College, she studied composition under Leon Kirchner and Darius Milhaud. She has been heard in concerts throughout the Bay Area and in the Pacific Northwest.

This benefit concert is open to the public. Student admission fees is moderate.

Potato Salad Dilled Cucumbers
Fruit and Cookies Beverage

DILLED CUCUMBERS

¼ cup sugar
1¼ teaspoons salt
6 tablespoons cider vinegar
2 tablespoons cold water
2 tablespoons dill seed
2 thin medium-size cucumbers

In a shallow container, stir together the sugar, salt, vinegar and water until sugar dissolves. Tie dill seed in a small square of cheesecloth and add. Scrub cucumbers and slice thin; if cucumbers have waxy coating, pare before slicing. Mix with marinade; cover tightly; refrigerate overnight. At serving time, drain cucumbers, add more salt if desired; sprinkle with a little of the dill seed from cheesecloth bag. Makes 8 servings.

Creative? Add Spice to Lamb Chops

When a homemaker is feeling especially creative, she's certain to enjoy the novel accents provided by this recipe for Lamb Chops, Manhattan.

Sophisticated combination of ginger and lemon juice, mint jelly and applesauce dresses up thrifty lamb shoulder chops, points out a meat expert.

These chops, cut from the shoulder rather than the loin or rib have the same good flavor as the other chops. By this braising method they will cook in less than an hour.

Lamb Chops, Manhattan

6 lamb shoulder chops, cut ¾-inch thick
2 tablespoons lard or drippings
1½ teaspoons salt
¼ teaspoon pepper
½ teaspoon ginger
1 teaspoon Worcestershire sauce
1 teaspoon lemon juice
2 tablespoons mint jelly
1 cup applesauce

Brown lamb chops in lard or drippings. Remove chops from frying-pan and pour off drippings. Combine salt, pepper, ginger, Worcestershire sauce, lemon juice, mint jelly and applesauce. Pour into frying-pan. Stir well. Arrange lamb chops over sauce. Cover tightly and cook slowly 40 to 45 minutes or until meat is done. Six servings.

BRUNO SCATENA'S Joe's of Westlake is open seven days a week from 11 a.m. to 2 a.m. One of their big specials is a morning fizz followed by a ham and egg spread. REVIEWERS AND FANS are hard put to describe the reaction of audiences to moon-faced **Allan Sherman** as he musically traces the ups and down of urbanites to the strains of some of the best known folk songs in the world. Sherman brings his rare humor once again to San Francisco audiences on Wednesday, September 23, for a three-week engagement in the Venetian Room of the **Fairmont Hotel.** Sherman's "My Son, the Folk Singer" has sold over a million albums so far and is still going strong. Currently appearing in the Venetian Room are the **Smothers Brothers** . . . Add to the list of exceptionally talented new impersonators at **Finocchio's** in San Francisco, **Harvey Lee**, billed as "The International Star of Feminine Impersonation." He's direct from a long tour of Europe, where he made a notable appearance in the fabulous "Carousel de Paris." Lee introduces some of the most beautiful gowns ever seen at Finocchio's . . . Scenic View When Dining

One of the most beautiful restaurant sites is located in Pacifica— **Lorraine and Nick Gust's Nick's** restaurant and **The Turtle**, offering the ultimate in food, entertainment and scenic views. Add to this the **Sea Breeze Motel**, another Gust enterprise, and a parking lot 30-feet from the ocean —and what's left?

Have been "stalking" the office of **Frank Dennison**, general manager of the plush **Sheraton-Villa Hotel** in San Mateo, as I have a hunch he's about to come up with one of his exciting and different ideas. Since taking office here, Mr. Dennison has done everything, except have Bay Meadows boss, **Joe Cohen**, recite the "Midnight Ride of Paul Revere." But who knows? That might be next. Biz here is tremendous!

Jim Carlton Pederson is responsible for the excellent piano and organ music at the **Brentwood Lodge** Wednesday through Sunday.

Varsity Boys At Me-n-Ed's Pizza

The new **Me-n-Ed's** location in the Pacific Heights Shopping Center has proved a winner right from the start. A wide variety of pizza and light or dark draft beer, plus the **Varsity Boys' Quartet** entertaining Friday and Saturday nights.

Lew Lehr was driving from his Marina steak house to Harding for a golf game when he saw a hitch hiker with a sign on his suitcase: "Undecided Voter—Pick Me Up And Convince Me!"

Paul Catalana, promoter of big show names to the Bay Area and owner of the San Jose **Safari Room**, booked a Las Vegas and Reno, Nevada hit act to his supper club. Namely, **Freddie Bell, Roberta Linn, and The Bell Boys.**

Vince Licata's newly remodeled **Vince's Italian, Seafood Restaurant and Cocktail Lounge** is once again open and doing its usual thriving business. Vince has brought Fisherman's Wharf to the Peninsula—eat in and take out.

WESTLAKE PIZZA OWNERS—George and Dino have entered the pizza field in Westlake. According to the nightly crowds who make theis their eat-in and take-out headquarters, the brothers made a wise move.

Keith Williamson has a "food natural" for those attending the theater. His **Keith's Chicken and Steak House** on California Drive is only a short distance from all the fun. It's a taste treat to enjoy fried chicken or a steak dinner before the first curtain —and it avoids going home to a sink full of dishes.

Armenian Dishes Delicately Flavored

Armenian dishes, contrary to what one might imagine, are not rich and heavily spiced. They are standard items of fine food, delicately flavored, served in an entirely new way, and created to excite your palate with a new experience. Try them at **George Mardikian's** world famed **Omar Khayyam's** restaurant, one of San Francisco's most talked about "food-marks."

New show to preem at **Luz Garcia's Sinaloa.** A complete rundown on the featured acts due in from South America in next Friday's Bright Lights.

Phil Lehr had a big night at his Steakery when **Jerome Gold**, a New Jersey executive, dropped in with a large party of local friends. They had innumerable Martinis and big steak dinners, much to Phils' financial delight!

Wonder where **Fannie Torres** acquired her salad making known-how which she really puts to work whenever a dining customer at **Frank Torres Montara Beach Hotel** orders something extra special. Watched her prepare a fruit salad, the other eve, and it seemed to have just about everything in and around it except an Hawaiian lei.

Emil Miller, one of the finest organists in the business, opened an engagement at the Redwood City Southern Restaurant, last night. This will be a Thursday, Friday and Saturday assignment, and one that I'm looking forward to enjoying. For many years, Emil bandstanded at the Woodside **Pioneer Hotel**, and is very popular on the Peninsula entertainment scene.

The sun, moon and tide tables show the hours of the day, numbered consecutively from 01:00 (1 a.m.) to 24:00 (midnight) instead of using 12 hours twice followed by a.m. or p.m. Noon is 12:00, 1 p.m. is 13:00. This is the practice followed by the army, navy and all government tide tables and almanacs.

Times and heights of tides at San Mateo Bridge, California. Furnished by Marine Exchange, Inc., from Coast and Geodetic Survey Data. Half Moon Bay tide 2 hours and 10 minutes earlier.

NOTE—In the above tabulation of the tides the daily tides are given in the order of the occurrence commencing with the early morning tide and the successive tides as they occur. On some days but three tides occur the fourth occurring the following morning.

The columns at heights give the elevation of each tide above or below the level of Coast Survey chart surroundings. The numbers are always additive to the chart depths unless preceded by a minus sign or dash (-) when the numbers are subtracted from the depths given by the chart (U. S. Coast and Geodetic Survey).
